

1 8. (Amended) A mammary secretion product obtainable by a method
2 according to claim 1.

1 9. (Amended) An antibody composition derived from a mammary secretion
2 product according to claim 1.

1 10. Use of a mammary secretion product according to claim 1 for the
2 preparation of a medicament.

1 11. A food product comprising a mammary secretion product according to
2 claim 1.

1 18. Mature milk according to claim 16, wherein said percentage is at least 100
2 percent.

1 19. (New) Use of an antibody composition according to claim 9 for the
2 preparation of a medicament.

1 20. (New) A food product comprising an antibody composition according to
2 claim 9.

REMARKS

Amendment is made to delete all multiple dependencies from the claims, thereby avoiding the need to pay the multiple dependent surcharge.

CONCLUSION

Attached hereto is a marked-up version of the changes made to the claims by the current amendment. The attached page is captioned "Version with markings to show changes made."

In view of the foregoing, Applicants believe all claims now pending in this Application are in condition for allowance. The issuance of a formal Notice of Allowance at an early date is respectfully requested.
